## PROJECTS

### PVT

PVT is a mobile app that gives information about the vaccine and what vaccine to be taken by the patient after answering few questions. The result can be downloaded in pdf format. Once the result is displayed, only the information about the vaccine is stored in database for analysis and other personal information of patient is deleted.

You can visit its website as mobile app is in completion process.

<https://www.immunisationcoalition.org.au/>

## Ultimodeal Driver App

Ultimodeal Driver App is mobile application owned by Ultimodeal Online Shopping Pvt. Ltd for their logistic department only(Product Delivery Person). It contains features like product to be picked up, product to be delivered, history of pickup and delivery along with its total count. Every Product Delivery Person has its own userId to login.

## Ultimodeal

Ultimodeal Mobile app is an e-commerce application owned by Ultimodeal Online Shopping Pvt. Ltd. which contains ecommerce features like OAuth login, add to cart, wishlist, order tracking, online payment with local e-wallets like E-Sewa, Khalti. This app is made using Flutter Framework.
